

Annual School Report

2020-21

Mission Statement

In keeping with the aim of developing every child to become a worthy global citizen, the school continues with its efforts to enable the students to develop all aspects of their personality. Learning programmes are formulated to achieve this objective. The school aims to develop the intellectual, physical and moral attributes of the students through a rich and varied educational programme.

Education during the Pandemic

Due to the nationwide lockdown in March 2020 as a result of the spread of Covid19, school education had to shift overnight to the online mode. Catering to the needs of all groups of students from Pre-Primary to Class XII in this new mode was a challenging task. The dedicated and committed staff of the school rose to the occasion and made a smooth transition to the virtual world. The Technical Department of the school trained the teachers in the use of educational technology while the management motivated the teachers to use online platforms expertly.

The sincere efforts of the teachers enabled the academics to continue without disruption. All Unit Tests and Exams were held as scheduled. Teachers prepared customised learning material suitable for online classes. Results were declared on the school mobile app.

Departmental Activities

The various Departments of the school i.e. Social Science, Mathematics, Science, English, Hindi, Punjabi, Computer, Art Education and Physical Education are ably led by their respective HOD's. Regular meetings were conducted to ensure follow up and review of syllabus as well as Dept related activities like literary competitions, scientific experiments, projects, cultural activities, games etc. The online classes also included physical exercises, dance, singing, music, yoga and meditation. Counselling sessions were also provided to the students to enable them to cope with the changed scenario in classes.

Co-Curricular Activities

A variety of co-curricular activities were conducted throughout the year to mark important occasions and national festivals. A number of competitions were held in art, dancing, music, public speaking etc. Motivational videos and recreational activities were provided to students. Students continued with curricular activities in online classes in the same way as previous years in offline classes. This enabled a sense of continuity and normalcy.

Teacher Training

Teachers continued to upgrade their skills by attending CBSE online training related to their subject as well as new methods and practices in Experiential Learning. Other workshops and webinars attended by teachers were on Diksha Courses, Nishtha Courses, Health and Well being in schools, Webinar on NEP 2020, Competency Based Education Modules, Experiential Learning Course, Educational Technology and Learning in collaboration with google.

NCC Wing

The NCC Wing functioned well under the charge of the school ANO. Training sessions were provided twice a week by the local NCC HQ.

CBSE Board Exam Results 2019-20

Class XII students came out with flying colours in the CBSE Board Exams 2019-20. Ajaypal Singh topped in Non-Medical stream with 95.8% while Ankita Nanda topped in Medical stream with 90.8%.
